Dear Mr. Peck:

The North Slope Small Mining Operation, file number S/049/028, located in Utah County, Utah, will now be closed and the file retired.

On October 16, 2007, a site inspection was performed and it was determined that the site has satisfactorily been reclaimed and can be fully released. You are no longer required to provide a reclamation surety or reclamation contract for this site as previously requested.

You are hereby released by the Division from further mining or reclamation responsibilities at this site. If you wish to conduct any future mining related activity in this area, you will need to submit a new notice and provide a reclamation surety and reclamation contract prior to creating any disturbance.
